**EXPERIMENT TOPICS:**
- Various additional condition - auto/manual select, emergency circuit
- Vacuum system
- Pneumatic sequence control
- Control circuit for stepper module
- Basic pneumatic control
- Fault searching in pneumatic system
- Safety of pneumatic system

**RECOMMENDED OPTION:**
- Teachware

### BASIC ELECTRO-PNEUMATIC TRAINING SET

**Model Number:** GOTT-EPNE-BAS-01

**INTRODUCTION:**
Electro-pneumatic training set includes basic components of pneumatics training set. Furthermore, since it has electric components, it’s possible to train advanced control level as well as basic principle of electro-pneumatics with some additional part.
